(c) Appropriation bonds may be issued in one or more issues or series on the terms and conditions the commissioner determines to be in the best interests of the state, but the term on any series of appropriation bonds may not exceed 21 years. The appropriation bonds of each issue and series thereof shall be dated and bear interest, and may be includable in or excludable from the gross income of the owners for federal income tax purposes.

(d) At the time of, or in anticipation of, issuing the appropriation bonds, and at any time thereafter, so long as the appropriation bonds are outstanding, the commissioner may enter into agreements and ancillary arrangements relating to the appropriation bonds, including but not limited to trust indentures, grant agreements, lease or use agreements, operating agreements, management agreements, liquidity facilities, remarketing or dealer agreements, letter of credit agreements, insurance policies, guaranty agreements, reimbursement agreements, indexing agreements, or interest exchange agreements. Any payments made or received according to the agreement or ancillary arrangement shall be made from or deposited as provided in the agreement or ancillary arrangement. The determination of the commissioner, included in an interest exchange agreement, that the agreement relates to an appropriation bond, shall be conclusive.

(e) The commissioner may enter into written agreements or contracts relating to the continuing disclosure of information necessary to comply with or facilitate the issuance of appropriation bonds in accordance with federal securities laws, rules, and regulations, including Securities and Exchange Commission rules and regulations in Code of Federal Regulations, title 17, section 240.15c 2-12. An agreement may be in the form of covenants with purchasers and holders of appropriation bonds set forth in the order or resolution authorizing the issuance of the appropriation bonds, or a separate document authorized by the order or resolution.

(f) The appropriation bonds are not subject to chapter 16C.

Subd. 3. **Form; procedure.** (a) Appropriation bonds may be issued in the form of bonds, notes, or other similar instruments, and in the manner provided in section 16A.672. In the event that any provision of section 16A.672 conflicts with this section, this section shall control.

(b) Every appropriation bond shall include a conspicuous statement of the limitation established in subdivision 6.

(c) Appropriation bonds may be sold at either public or private sale upon such terms as the commissioner shall determine are not inconsistent with this section and may be sold at any price or percentage of par value. Any bid received may be rejected.

(d) Appropriation bonds must bear interest at a fixed or variable rate.

(e) Notwithstanding any other law, appropriation bonds issued under this section shall be fully negotiable.

Subd. 4. **Refunding bonds.** The commissioner may issue appropriation bonds for the purpose of refunding any appropriation bonds then outstanding, including the payment of any redemption premiums on the bonds, any interest accrued or to accrue to the redemption date, and costs related to the issuance and sale of the refunding bonds. The proceeds of any refunding bonds may, at the discretion of the commissioner, be applied to the purchase or payment at maturity of the appropriation bonds to be refunded, to the redemption of the outstanding appropriation bonds on any redemption date, or to pay interest on the refunding bonds and may, pending application, be placed in escrow to be applied to the purchase, payment, retirement, or redemption. Any escrowed proceeds, pending such use, may be invested and reinvested in obligations that are authorized investments under section 11A.24. The income earned or realized on the investment may also be applied to the payment of the appropriation bonds to be refunded or interest or premiums on the refunded appropriation bonds, or to pay interest on the refunding bonds. After the terms of the escrow have been fully satisfied, any balance of the proceeds and any investment income may be returned to the general fund or, if applicable, the special appropriation public television equipment bond proceeds fund for use in any lawful manner. All refunding bonds issued under this subdivision must be prepared, executed, delivered, and secured by appropriations in the same manner as the appropriation bonds to be refunded.

Subd. 5. **Appropriation bonds as legal investments.** Any of the following entities may legally invest any sinking funds, money, or other funds belonging to them or under their control in any appropriation bonds issued under this section:

(2) banks and bankers, savings and loan associations, credit unions, trust companies, savings banks and institutions, investment companies, insurance companies, insurance associations, and other persons carrying on a banking or insurance business; and

(3) personal representatives, guardians, trustees, and other fiduciaries.

Subd. 6. **No full faith and credit; state not required to make appropriations.** The appropriation bonds are not public debt of the state, and the full faith, credit, and taxing powers of the state are not pledged to the payment of the appropriation bonds or to any payment that the state agrees to make under this section. Appropriation bonds shall not be obligations paid directly, in whole or in part, from a tax of statewide application on any class of property, income, transaction, or privilege. Appropriation bonds shall be payable in each fiscal year only from amounts that the legislature may appropriate for debt service for any fiscal year, provided that nothing in this section shall be construed to require the state to appropriate money sufficient to make debt service payments with respect to the appropriation bonds in any fiscal year. Appropriation bonds shall be canceled and shall no longer be outstanding on the earlier of (1) the first day of a fiscal year for which the legislature shall not have appropriated amounts sufficient for debt service, or (2) the date of final payment of the principal of and interest on the appropriation bonds.

Subd. 7. **Appropriation of proceeds.** The proceeds of appropriation bonds issued under subdivision 2, paragraph (a), and interest credited to the special appropriation public television equipment bond proceeds fund are appropriated as follows:

Subd. 8. **Appropriation for debt service and other purposes.** An amount needed to pay principal and interest on appropriation bonds issued under subdivision 2, paragraph (a), is appropriated each fiscal year from the general fund to the commissioner, subject to repeal, unallotment under section 16A.152, or cancellation, otherwise pursuant to subdivision 6, for deposit into the bond payments account established for such purpose in the special appropriation public television equipment bond proceeds fund. The appropriation is available beginning in fiscal year 2021 and remains available through fiscal year 2042.

Subd. 9. **Waiver of immunity.** The waiver of immunity by the state provided for by section 3.751, subdivision 1, shall be applicable to the appropriation bonds and any ancillary contracts to which the commissioner is a party.

Appropriation bonds may be sold and issued in amounts that, in the opinion of the commissioner, are necessary to provide sufficient money to the commissioner of the Pollution Control Agency under subdivision 7, not to exceed \$30,400,000 net of costs of issuance, for the purposes as provided under this subdivision, and to pay debt service including capitalized interest, costs of issuance, costs of credit enhancement, or make payments under other agreements entered into under paragraph (d). Notwithstanding section 115B.17, subdivision 6 or 16, any money recovered in a civil action or any money received from the disposition of property acquired for a response action and financed with bonds under this section shall be transferred to the commissioner and applied toward principal and interest on outstanding bonds.

(b) Proceeds of the appropriation bonds must be credited to a special appropriation state response to releases bond proceeds fund in the state treasury. All income from investment of the bond proceeds, as estimated by the commissioner, is appropriated to the commissioner for the payment of principal and interest on the appropriation bonds.

(c) Appropriation bonds may be issued in one or more issues or series on the terms and conditions the commissioner determines to be in the best interests of the state, but the term on any series of appropriation bonds may not exceed 21 years. The appropriation bonds of each issue and series thereof shall be dated and bear interest, and may be includable in or excludable from the gross income of the owners for federal income tax purposes.

(d) At the time of, or in anticipation of, issuing the appropriation bonds, and at any time thereafter, so long as the appropriation bonds are outstanding, the commissioner may enter into agreements and ancillary arrangements relating to the appropriation bonds, including but not limited to trust indentures, grant agreements, lease or use agreements, operating agreements, management agreements, liquidity facilities, remarketing or dealer agreements, letter of credit agreements, insurance policies, guaranty agreements,

reimbursement agreements, indexing agreements, or interest exchange agreements. Any payments made or received according to the agreement or ancillary arrangement shall be made from or deposited as provided in the agreement or ancillary arrangement. The determination of the commissioner included in an interest exchange agreement that the agreement relates to an appropriation bond shall be conclusive.

(e) The commissioner may enter into written agreements or contracts relating to the continuing disclosure of information necessary to comply with or facilitate the issuance of appropriation bonds in accordance with federal securities laws, rules, and regulations, including Securities and Exchange Commission rules and regulations in Code of Federal Regulations, title 17, section 240.15c 2-12. An agreement may be in the form of covenants with purchasers and holders of appropriation bonds set forth in the order or resolution authorizing the issuance of the appropriation bonds, or a separate document authorized by the order or resolution.

(f) The appropriation bonds are not subject to chapter 16C.

Subd. 3. Form; procedure. (a) Appropriation bonds may be issued in the form of bonds, notes, or other similar instruments, and in the manner provided in section 16A.672. In the event that any provision of section 16A.672 conflicts with this section, this section shall control.

(b) Every appropriation bond shall include a conspicuous statement of the limitation established in subdivision 6.

(c) Appropriation bonds may be sold at either public or private sale upon such terms as the commissioner shall determine are not inconsistent with this section and may be sold at any price or percentage of par value. Any bid received may be rejected.

(d) Appropriation bonds must bear interest at a fixed or variable rate.

(e) Notwithstanding any other law, appropriation bonds issued under this section shall be fully negotiable.

Subd. 4. Refunding bonds. The commissioner may issue appropriation bonds for the purpose of refunding any appropriation bonds then outstanding, including the payment of any redemption premiums on the bonds, any interest accrued or to accrue to the redemption date, and costs related to the issuance and sale of the refunding bonds. The proceeds of any refunding bonds may, at the discretion of the commissioner, be applied to the purchase or payment at maturity of the appropriation bonds to be refunded, to the redemption of the outstanding appropriation bonds on any redemption date, or to pay interest on the refunding bonds and may, pending application, be placed in escrow to be applied to the purchase, payment, retirement, or redemption. Any escrowed proceeds, pending such use, may be invested and reinvested in obligations that are authorized investments under section 11A.24. The income earned or realized on the investment may also be applied to the payment of the appropriation bonds to be refunded or interest or premiums on the refunded appropriation bonds, or to pay interest on the refunding bonds. After the terms of the escrow have been fully satisfied, any balance of the proceeds and any investment income may be returned to the general fund or, if applicable, the special appropriation state response to releases bond proceeds fund for use in any lawful manner. All refunding bonds issued under this subdivision must be prepared, executed, delivered, and secured by appropriations in the same manner as the appropriation bonds to be refunded.

Subd. 5. Appropriation bonds as legal investments. Any of the following entities may legally invest any sinking funds, money, or other funds belonging to them or under their control in any appropriation bonds issued under this section:

Sec. 5. Minnesota Statutes 2018, section 123B.53, subdivision 1, is amended to read:

Subdivision 1. **Definitions.** (a) For purposes of this section, the eligible debt service revenue of a district is defined as follows:

(1) the amount needed to produce between five and six percent in excess of the amount needed to meet when due the principal and interest payments on the obligations of the district for eligible projects according to subdivision 2, ~~including the amounts necessary for repayment of debt service loans, capital loans, and lease purchase payments under section 126C.40, subdivision 2, excluding long-term facilities maintenance levies under section 123B.595~~ excluding the amounts listed in paragraph (b), minus

(2) the amount of debt service excess levy reduction for that school year calculated according to the procedure established by the commissioner.

(b) The obligations in this paragraph are excluded from eligible debt service revenue:

(1) obligations under section 123B.61;

(2) the part of debt service principal and interest paid from the taconite environmental protection fund or Douglas J. Johnson economic protection trust, excluding the portion of taconite payments from the Iron Range school consolidation and cooperatively operated school account under section 298.28, subdivision 7a;

(3) ~~obligations issued under Laws 1991, chapter 265, article 5, section 18, as amended by Laws 1992, chapter 499, article 5, section 24~~ obligations for long-term facilities maintenance under section 123B.595;

(4) obligations under section 123B.62; and

(5) obligations equalized under section 123B.535.

(c) For purposes of this section, if a preexisting school district reorganized under sections 123A.35 to 123A.43, 123A.46, and 123A.48 is solely responsible for retirement of the preexisting district's bonded indebtedness, ~~or~~ capital loans ~~or debt service loans~~, debt service equalization aid must be computed separately for each of the preexisting districts.

(d) For purposes of this section, the adjusted net tax capacity determined according to sections 127A.48 and 273.1325 shall be adjusted to include the tax capacity of property generally exempted from ad valorem taxes under section 272.02, subdivision 64.

Sec. 6. Minnesota Statutes 2018, section 123B.53, subdivision 4, is amended to read:

Subd. 4. Debt service equalization revenue. (a) The debt service equalization revenue of a district equals the sum of the first tier debt service equalization revenue and the second tier debt service equalization revenue.

(b) The first tier debt service equalization revenue of a district equals the greater of zero or the eligible debt service revenue minus the amount raised by a levy of 15.74 percent times the adjusted net tax capacity of the district minus the second tier debt service equalization revenue of the district.

(c) The second tier debt service equalization revenue of a district equals the greater of zero or the eligible debt service revenue, minus the amount raised by a levy of 26.24 percent times the adjusted net tax capacity of the district.

(d) Notwithstanding paragraphs (b) and (c), for a district with a capital loan under sections 126C.60 to 126C.72, the first tier debt equalization revenue equals zero, and the second tier debt equalization revenue equals the portion of the district's eligible debt service levy under subdivision 2 in excess of the district's maximum effort debt service levy under section 126C.63, subdivision 8.

Sec. 7. Minnesota Statutes 2018, section 126C.63, subdivision 8, is amended to read:

Subd. 8. **Maximum effort debt service levy.** ~~(a)~~ "Maximum effort debt service levy" means the lesser of:

(1) a levy in whichever of the following amounts is applicable:

~~(i) in any district receiving a debt service loan for a debt service levy payable in 2002 and thereafter, or granted a capital loan after January 1, 2002, a levy in total dollar amount computed at a rate of 33.59 percent of adjusted net tax capacity for taxes payable in 2002 and thereafter; or~~

~~(ii) in any district receiving a debt service loan for a debt service levy payable in 2001 or earlier, or granted a capital loan before January 2, 2002, a levy in a total dollar amount computed at a rate of 29.39 percent of adjusted net tax capacity for taxes payable in 2002 and thereafter; or~~

~~(2) a levy in any district for which a capital loan was approved prior to August 1, 1981, a levy in a total dollar amount equal to the sum of the amount of the required debt service levy and an amount which when levied annually will in the opinion of the commissioner be sufficient to retire the remaining interest and principal on any outstanding loans from the state within 30 years of the original date when the capital loan was granted.~~

~~(b) The board in any district affected by the provisions of paragraph (a), clause (2), may elect instead to determine the amount of its levy according to the provisions of paragraph (a), clause (1). If a district's capital loan is not paid within 30 years because it elects to determine the amount of its levy according to the provisions of paragraph (a), clause (2), the liability of the district for the amount of the difference between the amount it levied under paragraph (a), clause (2), and the amount it would have levied under paragraph (a), clause (1), and for interest on the amount of that difference, must not be satisfied and discharged pursuant to Minnesota Statutes 1988, or an earlier edition of Minnesota Statutes if applicable, section 124.43, subdivision 4.~~

(2) the unpaid balance on the district's capital loan after deducting the amount to be paid on the district's capital loan in December of the year in which the levy is certified.

Sec. 8. Minnesota Statutes 2018, section 126C.66, subdivision 3, is amended to read:

Subd. 3. **Principal interest Payments.** All payments ~~of principal and interest on debt service notes or~~ on capital loan contracts, as received by the commissioner, are appropriated to the loan repayment account.

Sec. 9. Minnesota Statutes 2018, section 126C.69, as amended by Laws 2019, First Special Session chapter 10, article 3, section 40, is amended to read:

126C.69 CAPITAL GRANTS AND LOANS.

Subdivision 1. **Capital grant and loan requests and uses.** Capital grants and loans are available only to qualifying districts. Capital grants and loans must not be used for the construction of swimming pools, ice arenas, athletic facilities, auditoriums, bus garages, or heating system improvements. Proceeds of the grants and loans may be used only for sites for education facilities and for acquiring, bettering, furnishing, or equipping education facilities. Contracts must be entered into within 18 months after the date on which each grant and loan is granted approved. For purposes of this section, "education facilities" includes space for Head Start programs and social service programs.

Subd. 2. **Capital ~~loans~~ grant and loan eligibility.** Beginning July 1, ~~1999~~ 2020, a district is not eligible for a capital grant and loan unless the district's estimated net debt tax rate as computed by the commissioner after debt service equalization aid would be more than 41.98 percent of adjusted net tax capacity. The estimate must assume a 20-year maturity schedule for new debt.

Subd. 3. **District request for review and comment.** A district or a joint powers district that intends to apply for a capital grant and loan must submit a proposal to the commissioner for review and comment according to section 123B.71 by July 1 of an odd-numbered year. The commissioner shall prepare a review and comment on the proposed facility, regardless of the amount of the capital expenditure required to construct the facility. In addition to the information provided under section 123B.71, subdivision 9, the commissioner shall require that predesign packages comparable to those required under section 16B.335 be prepared by the applicant school district. The predesign packages must be sufficient to define the scope, cost, and schedule of the project and must demonstrate that the project has been analyzed according to appropriate space needs standards and also consider the following criteria in determining whether to make a positive review and comment.

(a) To grant a positive review and comment the commissioner shall determine that all of the following conditions are met:

(1) the facilities are needed for pupils for whom no adequate facilities exist or will exist;

- (2) there is evidence to indicate that the facilities will have a useful public purpose for at least the term of the bonds;
- (3) no form of cooperation with another district would provide the necessary facilities;
- (4) the facilities are comparable in size and quality to facilities recently constructed in other districts that have similar enrollments;
- (5) the facilities are comparable in size and quality to facilities recently constructed in other districts that are financed without a capital loan;
- (6) the district is projected to have adequate funds in its general operating budget to support a quality education for its students for at least the next five years;
- (7) the current facility poses a threat to the life, health, and safety of pupils, and cannot reasonably be brought into compliance with fire, health, or life safety codes;
- (8) the district has made a good faith effort, as evidenced by its maintenance expenditures, to adequately maintain the existing facility during the previous ten years and to comply with fire, health, and life safety codes and state and federal requirements for accessibility for people with disabilities;
- (9) the district has made a good faith effort to encourage integration of social service programs within the new facility;
- (10) evaluations by boards of adjacent districts have been received; and
- (11) the proposal includes a comprehensive technology plan that assures information access for the students, parents, and community.

(b) The commissioner may grant a negative review and comment if:

- (1) the state demographer has examined the population of the communities to be served by the facility and determined that the communities have not grown during the previous five years;
- (2) the state demographer determines that the economic and population bases of the communities to be served by the facility are not likely to grow or to remain at a level sufficient, during the next ten years, to ensure use of the entire facility;
- (3) the need for facilities could be met within the district or adjacent districts at a comparable cost by leasing, repairing, remodeling, or sharing existing facilities or by using temporary facilities;
- (4) the district plans do not include cooperation and collaboration with health and human services agencies and other political subdivisions; or
- (5) if the application is for new construction, an existing facility that would meet the district's needs could be purchased at a comparable cost from any other source within the area.

Subd. 4. Multiple district proposals; review and comment. In addition to the requirements of subdivision 3, the commissioner may use additional requirements to determine a positive review and comment on projects that are designed to serve more than one district. These requirements may include:

- (1) reducing or increasing the number of districts that plan to use the facility;
- (2) location of the facility; and
- (3) formation of a joint powers agreement among the participating districts.

Subd. 5. Adjacent district comments. The district must present the proposed project to the board of each adjacent district at a public meeting of that district. The board of an adjacent district must make a written evaluation of how the project will affect the future education and building needs of the adjacent district. The board must submit the evaluation to the applying district within 30 days of the meeting.

Subd. 6. District application for capital grant and loan. The school board of a district desiring a capital grant and loan shall adopt a resolution stating the amount proposed to be ~~borrowed funded~~, the purpose for which the ~~debt is to be incurred funding is requested~~, and an estimate of the dates when the facilities for which the loan funding is requested will be contracted for and completed. Applications for grants and loans must be accompanied by a copy of the adopted board resolution and copies of the adjacent district evaluations. The commissioner shall retain the evaluation as part of a permanent record of the district submitting the evaluation.

Applications must be in the form and accompanied by the additional data required by the commissioner. Applications must be received by the commissioner by September 1 of an odd-numbered year. A district must resubmit an application each odd-numbered year. Capital grant and loan applications that do not receive voter approval or are not approved in law cancel July 1 of the year following application. When an application is received, the commissioner shall obtain from the commissioner of revenue the information in the Revenue Department's official records that is required to be used in computing the debt limit of the district under section 475.53, subdivision 4.

Subd. 7. Commissioner review; district proposals. By November 1 of each odd-numbered year, the commissioner must review all applications for capital grants and loans that have received a positive review and comment. When reviewing applications, the

commissioner must consider whether the criteria in subdivision 3 have been met. The commissioner may not approve an application if all of the required deadlines have not been met. The commissioner may either approve or reject an application for a capital grant and loan.

Subd. 8. **Commissioner recommendations.** The commissioner shall examine and consider applications for capital grants and loans that have been approved and promptly notify any district rejected of the decision.

The commissioner shall report each capital grant and loan that has been approved by the commissioner and that has received voter approval to the education committees of the legislature by January 1 of each even-numbered year. The commissioner must not report a capital grant and loan that has not received voter approval. The commissioner shall also report on the money remaining in the capital loan account and, if necessary, request that another bond issue be authorized.

Subd. 9. **Grant and loan amount limits.** (a) A grant and loan must not be recommended for approval for a district exceeding an amount computed as follows:

(1) the amount requested by the district under subdivision 6;

(2) plus the aggregate principal amount of general obligation bonds of the district outstanding on June 30 of the year following the year the application was received, not exceeding the limitation on net debt of the district in section 475.53, subdivision 4, or 637 percent of its adjusted net tax capacity as most recently determined, whichever is less;

(3) less the maximum net debt permissible for the district on December 1 of the year the application is received, under the limitation in section 475.53, subdivision 4, or 637 percent of its adjusted net tax capacity as most recently determined, whichever is less;

(4) less any amount by which the amount voted exceeds the total cost of the facilities for which the grant and loan is ~~granted~~ approved.

(b) The grant and loan may be approved in an amount computed as provided in paragraph (a), clauses (1) to (3), subject to later reduction according to paragraph (a), clause (4).

(c) The loan amount equals the lesser of the total grant and loan approved or:

(1) the product of the maximum effort tax rate times 50 times the district's most recent adjusted net tax capacity at the time the capital grant and loan is approved under subdivision 10, minus

(2) the district's capital loan balance outstanding at the time the capital grant and loan is approved under subdivision 10, minus

(3) the district's principal and interest balance outstanding for eligible bonds issued for prior capital projects at the time the capital loan and grant is approved.

(d) The grant amount equals the difference between the total grant and loan approved and the loan amount under paragraph (c).

Subd. 10. **Legislative action.** Each capital grant and loan must be approved in a law.

If the aggregate amount of the capital grants and loans exceeds the amount that is or can be made available, the commissioner shall allot the available amount among any number of qualified applicant districts, according to the commissioner's judgment and discretion, based upon the districts' respective needs.

Subd. 11. **District referendum.** After receipt of the review and comment on the project and before January 1 of the even-numbered year, the question authorizing the borrowing of money for the facilities must be submitted by the school board to the voters of the district at a regular or special election. The question submitted must state the total amount to be borrowed from all sources. Approval of a majority of those voting on the question is sufficient to authorize the issuance of the obligations on public sale in accordance with chapter 475. The face of the ballot must include the following statement: "APPROVAL OF THIS QUESTION DOES NOT GUARANTEE THAT THE SCHOOL DISTRICT WILL RECEIVE A CAPITAL GRANT AND LOAN FROM THE STATE. THE GRANT AND LOAN MUST BE APPROVED BY THE STATE LEGISLATURE AND IS DEPENDENT ON AVAILABLE FUNDING." The district must mail to the commissioner a certificate by the clerk showing the vote at the election.

Subd. 12. **Contract.** (a) Each capital grant and loan must be evidenced by a contract between the district and the state acting through the commissioner. The contract must obligate the state to reimburse the district, from the maximum effort school loan fund, for eligible capital expenses for construction of the facility for which the grant and loan is ~~granted~~ approved, an amount computed as provided in subdivision 9. The commissioner must receive from the district a certified resolution of the board estimating the costs of construction and reciting that contracts for construction of the facilities for which the grant and loan is ~~granted~~ approved have been awarded, that bonds of the district have been issued and sold or that other district funds have been set aside in the amount necessary to pay all estimated costs of construction in excess of the amount of the grant and loan, and that all work, when completed, meets or exceeds standards established in the State Building Code. The contract must obligate the district to repay the loan out of the excesses of its maximum effort debt service levy over its required debt service levy, ~~including interest at a rate equal to the weighted average annual rate payable on Minnesota state school loan bonds issued or reissued for the project. Beginning July 1, 2020, no interest assessments shall be made on capital loan balances.~~

(b) The district must each year, as long as it is indebted to the state, levy for debt service (i) the amount of its maximum effort debt service levy or (ii) the amount of its required debt service levy, whichever is greater, ~~except as the required debt service levy may be reduced by a loan under section 126C.68.~~ The district shall remit payments to the commissioner according to section 126C.71. The actual debt service levy shall be adjusted under section 477A.09.

(c) The commissioner shall supervise the collection of outstanding accounts due the fund and may, by notice to the proper county auditor, require the maximum levy to be made as required in this subdivision. ~~Interest on capital loans must be paid on December 15 of the year after the year the loan is granted and annually in later years.~~ By September 30, the commissioner shall notify the county auditor of each county containing taxable property situated within the district of the amount of the maximum effort debt service levy of the district for that year. The county auditor or auditors shall extend upon the tax rolls an ad valorem tax upon all taxable property within the district in the aggregate amount so certified.

Subd. 13. **Loan forgiveness.** If any capital loan is not paid within 50 years after it is granted from maximum effort debt service levies in excess of required debt service levies, the liability of the district on the loan is satisfied and discharged and interest on the loan ceases.

Subd. 14. **Participation by county auditor; record of contract; payment of loan.** The district must file a copy of the capital loan contract with the county auditor of each county in which any part of the district is situated. The county auditor shall enter the capital loan, evidenced by the contract, in the auditor's bond register. The commissioner shall keep a record of each capital ~~grant and~~ loan ~~and~~ contract showing the name and address of the district, the date of the contract, and the amount of the ~~grant and~~ loan initially approved. On receipt of the resolution required in subdivision 12~~and documentation of expenditures under the contract,~~ the commissioner shall issue payments, ~~which may be dispersed in accordance with the schedule in the contract,~~ on the capital ~~grant and~~ loan account for the amount that may be disbursed under subdivision 1. ~~Interest on each disbursement of the capital loan amount accrues from the date on which the commissioner of management and budget issues the payment.~~

Subd. 15. **Bond sale limitations.** (a) A district having an outstanding state loan must not issue and sell any bonds on the public market, except to refund state loans, unless it agrees to make the maximum effort debt service levy in each later year at the higher rate provided in section 126C.63, subdivision 8, and unless it schedules the maturities of the bonds according to section 475.54, subdivision 2. A district that refunds bonds at a lower interest rate may continue to make the maximum effort debt service levy in each later year at the current rate provided in section 126C.63, subdivision 8, if the district can demonstrate to the commissioner's satisfaction that the district's repayments of the state loan will not be reduced below the previous year's level. The district must report each sale to the commissioner.

(b) For a capital loan issued prior to July 1, 2001, after the district's capital loan has been outstanding for 30 years, the district must not issue bonds on the public market except to refund the loan.

(c) For a capital loan issued on or after July 1, 2001, after the district's capital loan has been outstanding for 20 years, the district must not issue bonds on the public market except to refund the loan.

EFFECTIVE DATE. This section is effective retroactively from July 1, 2020.

Sec. 10. Minnesota Statutes 2018, section 126C.71, is amended to read:

126C.71 PAYMENT AND APPLICATIONS OF PAYMENT.

Subdivision 1. **Payment.** (a) On November 20 of each year, each district having an outstanding capital loan or debt service loan shall compute the excess amount in the debt redemption fund. The commissioner shall prescribe the form and calculation to be used in computing the excess amount. A completed copy of this form shall be sent to the commissioner before December 1 of each year. The commissioner may recompute the excess amount and shall promptly notify the district of the recomputed amount.

~~(b)~~ On December 15 of each year, the district shall remit to the commissioner, at a minimum, an amount equal to the greater of:

- (i) the excess amount in the debt redemption fund; or
- (ii) the amount by which the maximum effort debt service levy exceeds the required debt service levy for that calendar year.

~~Any late payments shall be assessed an interest charge using the interest rates specified for the debt service notes and capital loan contracts.~~

~~(e)~~ ~~(b)~~ If a payment required under the Maximum Effort School Aid Law paragraph (a) is not made within 30 days, the commissioner may reduce any subsequent payments due the district under this chapter and chapters 120B, 122A, 123A, 123B, 124D, 125A, and 127A by the amount due, after providing written notice to the district.

Subd. 2. **Application of payments.** The commissioner shall apply payments received under ~~the Maximum Effort School Aid Law and aids withheld according to~~ subdivision 1, paragraph (b), as follows: ~~First, to payment of interest accrued on its notes, if any; second, to interest on its contracts, if any; third, toward principal of its notes, if any; and last, toward~~ the ~~principal of its contracts, if any.~~ While more than ~~one note or more than~~ one contract is held, priority of payment ~~of interest~~ must be given to the one of earliest date, ~~and after interest accrued on all notes is paid, similar priority shall be given in the application of any remaining amount to the payment of principal.~~ ~~In any year when the receipts from a district are not sufficient to pay the interest accrued on any of its notes or contracts, the deficiency must be added to the principal, and the commissioner shall notify the district and each county auditor concerned of the new amount of principal of the note or contract.~~

Sec. 11. Minnesota Statutes 2018, section 134.45, subdivision 5, is amended to read:

Subd. 5. **Qualification; accessibility grants.** A public library jurisdiction may apply for a grant in an amount up to ~~\$200,000~~ \$300,000 or 50 percent of the approved costs of removing architectural barriers from a building or site, whichever is less. Grants may be made only for projects in existing buildings used as a library, or to prepare another existing building for use as a library. Renovation of an existing building may include an addition to the building if the additional space is necessary to provide accessibility or if relocating public

spaces to the ground level provides improved overall accessibility. Grants must not be used to pay part of the cost of meeting accessibility requirements in a new building.

Sec. 12. Minnesota Statutes 2018, section 137.61, is amended to read:

137.61 PURPOSE.

Sections 137.61 to 137.65 provide for a biomedical science research funding program to further the investment in biomedical science research facilities in Minnesota to benefit the state's economy, advance the biomedical technology industry, benefit human health, and facilitate research collaboration between the University of Minnesota and other private and public institutions in this state. Sections 137.61 to 137.65 also provide funding for design, land acquisition, site preparation, and preconstruction services for the new clinical research facility on the University of Minnesota's Twin Cities campus.

Sec. 13. Minnesota Statutes 2018, section 137.62, subdivision 2, is amended to read:

Subd. 2. **Biomedical science research facility.** "Biomedical science research facility" means a facility located on the campus of the University of Minnesota to be used as a research facility and laboratory for biomedical science and biomedical technology. A hospital licensed under sections 144.50 to 144.56 is not a biomedical science research facility. Biomedical science research facility includes the clinical research facility defined in this section.

Sec. 14. Minnesota Statutes 2018, section 137.62, is amended by adding a subdivision to read:

Subd. 2a. **Clinical research facility.** "Clinical research facility" means a facility located on the Twin Cities campus of the University of Minnesota to connect a broad array of clinical research units and activities from across the university, providing a consolidated home for the Clinical Translational Science Institute and related programs that support education, research, clinical training, and patient care.

Sec. 15. Minnesota Statutes 2018, section 137.63, is amended to read:

137.63 BIOMEDICAL SCIENCE RESEARCH FACILITIES FUNDING PROGRAM.

Subdivision 1. **Program established.** A biomedical science research facilities funding program is established to provide appropriations to the Board of Regents of the University of Minnesota for up to 75 percent of the project costs for each of four projects approved by the Board of Regents under section 137.64, other than the clinical research facility. Appropriations to the Board of Regents for the clinical research facility are for 100 percent of the project costs for design, land acquisition, site preparation, and preconstruction services.

Subd. 2. **Project requirements.** The Board of Regents of the University of Minnesota, either acting on its own or in collaboration with another private or public entity, must pay at least 25 percent of the project costs for each of four projects, other than the clinical research facility. The board must not use tuition revenue to pay for the university's share of the costs for the projects approved under section 137.64.

Sec. 16. Minnesota Statutes 2018, section 137.64, is amended to read:

137.64 CONDITIONS FOR PAYMENTS TO UNIVERSITY.

Subdivision 1. **Certifications.** Before the commissioner may make any payments authorized in this section to the Board of Regents for a biomedical science research facility project, the commissioner must certify that the board has, by board resolution, approved the maximum project cost for the project and complied with the requirements of section 137.63, ~~subdivision 2.~~ For each project approved by the board, the board must certify to the commissioner the amount of the annual payments of principal and interest required to service each series of bonds issued by the University of Minnesota for the project, and the actual amount of the state's annual payment to the University of Minnesota under subdivision 2. The annual payment must not exceed the amount required to pay debt service on the bonds issued to finance 75 percent of the project costs of biomedical science research facilities authorized before 2019. The annual payment may additionally be for the amount required to pay debt service on the bonds issued to finance 100 percent of the costs of the clinical research facility.

Subd. 2. **Payments.** On July 15 of each year after the certification under subdivision 1, but no earlier than July 15, 2009, and for so long thereafter as any bonds issued by the board for ~~the construction of~~ a project, or any refunding bonds issued under subdivision 7, are outstanding, the state must transfer to the board annual payments as certified under subdivision 1, up to the maximum amounts in the appropriation schedule under subdivision 3. Payments under this section are to reimburse the Board of Regents for the state's share of the project costs for the biomedical science research facility projects, provided that the principal amount of bonds issued by the University of Minnesota to pay the state's share of the costs must not exceed \$219,000,000.

Subd. 3. **Appropriations.** Annual appropriations are made from the general fund to the commissioner of management and budget for transfer to the Board of Regents, as follows:

- (1) up to \$850,000 is appropriated in fiscal year 2010;
- (2) up to \$3,650,000 is appropriated in fiscal year 2011;
- (3) up to \$7,825,000 is appropriated in fiscal year 2012;
- (4) up to \$12,100,000 is appropriated in fiscal year 2013;

(6) up to \$15,550,000 is appropriated in fiscal year 2015 and each year thereafter, ~~up to 25 years following the certification of the last project by the commissioner.~~ through fiscal year 2020; and

(7) up to \$13,930,000 is appropriated in fiscal year 2021 and each year thereafter through fiscal year 2039.

Subd. 4. **Report to legislature.** The Board of Regents must report to the committees of the legislature with responsibility for capital investment by January 15 of each even-numbered year on the biomedical science research facility projects authorized under this section. The report must at a minimum include for each project, the total cost, the number of researchers, research grants, and the amount of debt issued by the board.

Subd. 5. **Reinvestment.** The Board of Regents must, to the extent permitted under federal law and University of Minnesota policies, place a priority on reducing the state's share of project costs by dedicating a share of the proceeds from any commercialization or licensing revenues attributable to research conducted in the biomedical science facilities to reducing the appropriations needed under subdivision 3.

Subd. 6. **Services to individuals and firms.** Consistent with its mission and governing policies and the requirements for tax-exempt bonds, the university shall make available laboratory and other services on a fee-for-service basis to individuals and firms in the bioscience industry in Minnesota. The university will not assert patent rights when providing services that do not involve its innovative intellectual contributions.

Subd. 7. **Refunding of bonds; allocation of savings realized.** (a) The board may issue bonds in one or more series to refund bonds that were issued for a project before January 1, 2019, if refunding is determined by the board to be in the best interest of the university. The principal amount of bonds issued in each refunding must not exceed the amount necessary to defease the associated bonds outstanding immediately prior to refunding. The amount of the state's annual payment to the university required for the debt service on the refunded bonds, or original bonds if not yet refunded, or a combination of the two, shall be up to the maximum annual appropriation under subdivision 3 for all series.

(b) The amount of the annual appropriation under subdivision 3 that is not needed to pay the annual debt service under paragraph (a) is appropriated to the Board of Regents of the University of Minnesota to pay the annual debt service amount on bonds issued by the university to pay the costs of design, land acquisition, site preparation, and preconstruction services of the clinical research facility.

(c) In any year that the state general fund appropriation authorized in this section exceeds the amount needed to pay debt service on bonds issued by the university for purposes specified in sections 137.61 to 137.65, the excess amount is canceled to the state general fund.

Sec. 17. **[240A.20] PROMOTING CONSTRUCTION AND RENOVATION OF PUBLIC SKATE PARKS THROUGHOUT THE STATE.**

Subdivision 1. **Definition.** For purposes of this section, "skate" means wheeled, nonmotorized recreation, including skateboarding, roller blading, and roller skating, and not including cycling or biking.

Subd. 2. **Promotion of public skate parks.** The Minnesota Amateur Sports Commission shall:

(1) develop new public skate parks statewide; and

(2) provide matching grants to local units of government for public skate parks based on the criteria in this section.

Subd. 3. **Criteria for grants to local units of government for public skate parks.** (a) The commission shall administer a site selection process for the skate parks. The commission shall invite proposals from cities or counties or consortia of cities. A proposal for a skate park must include matching contributions including in-kind contributions of land, access roadways and access roadway improvements, and necessary utility services, landscaping, and parking.

(b) The location for all proposed facilities must be in areas of maximum demonstrated interest and must maximize accessibility to an arterial highway, transit, or pedestrian or bike path.

(c) To the extent possible, all proposed facilities must be dispersed equitably, must be located to maximize potential for full utilization, must accommodate noncompetitive family and community skating for all ages, and must encourage use of skate parks by a diverse population.

(d) The commission will give priority to proposals that come from more than one local government unit.

MISCELLANEOUS TAXES

Section 1. Minnesota Statutes 2018, section 272.38, subdivision 1, is amended to read:

Subdivision 1. **Taxes to be first paid.** (a) No structures, standing timber, minerals, sand, gravel, peat, subsoil, or topsoil shall be removed from any tract of land until all the taxes assessed against such tract and due and payable shall have been fully paid and discharged. No bond shall be required of plaintiff in such suit.

(b) If the county auditor determines that the removal of a structure is in the public interest, including the health, safety, and well-being of the surrounding area, and that removal will not impair the collection of property taxes, the county auditor may waive the requirements of this subdivision.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 2. Minnesota Statutes 2018, section 273.13, subdivision 25, is amended to read:

Subd. 25. **Class 4.** (a) Class 4a is residential real estate containing four or more units and used or held for use by the owner or by the tenants or lessees of the owner as a residence for rental periods of 30 days or more, excluding property qualifying for class 4d. Class 4a also includes hospitals licensed under sections 144.50 to 144.56, other than hospitals exempt under section 272.02, and contiguous property used for hospital purposes, without regard to whether the property has been platted or subdivided. The market value of class 4a property has a classification rate of 1.25 percent.

(b) Class 4b includes:

(1) residential real estate containing less than four units, including property rented as a short-term rental property for more than 14 days in the preceding year, that does not qualify as class 4bb, other than seasonal residential recreational property;

(2) manufactured homes not classified under any other provision;

(3) a dwelling, garage, and surrounding one acre of property on a nonhomestead farm classified under subdivision 23, paragraph (b) containing two or three units; and

(4) unimproved property that is classified residential as determined under subdivision 33.

For the purposes of this paragraph, "short-term rental property" means nonhomestead residential real estate rented for periods of less than 30 consecutive days.

The market value of class 4b property has a classification rate of 1.25 percent.

(c) Class 4bb includes:

(1) nonhomestead residential real estate containing one unit, other than seasonal residential recreational property;

(2) a single family dwelling, garage, and surrounding one acre of property on a nonhomestead farm classified under subdivision 23, paragraph (b); and

(3) a condominium-type storage unit having an individual property identification number that is not used for a commercial purpose.

Class 4bb property has the same classification rates as class 1a property under subdivision 22.

Property that has been classified as seasonal residential recreational property at any time during which it has been owned by the current owner or spouse of the current owner does not qualify for class 4bb.

(d) Class 4c property includes:

(1) except as provided in subdivision 22, paragraph (c), real and personal property devoted to commercial temporary and seasonal residential occupancy for recreation purposes, for not more than 250 days in the year preceding the year of assessment. For purposes of this clause, property is devoted to a commercial purpose on a specific day if any portion of the property is used for residential occupancy, and a fee is charged for residential occupancy. Class 4c property under this clause must contain three or more rental units. A "rental unit" is defined as a cabin, condominium, townhouse, sleeping room, or individual camping site equipped with water and electrical hookups for recreational vehicles. A camping pad offered for rent by a property that otherwise qualifies for class 4c under this clause is also class 4c under this clause regardless of the term of the rental agreement, as long as the use of the camping pad does not exceed 250 days. In order for a property to be classified under this clause, either (i) the business located on the property must provide recreational activities, at least 40 percent of the annual gross lodging receipts related to the property must be from business conducted during 90 consecutive days, and either (A) at least 60 percent of all paid bookings by lodging guests during the year must be for periods of at least two consecutive nights; or (B) at least 20 percent of the annual gross receipts must be from charges for providing recreational activities, or (ii) the business must contain 20 or fewer rental units, and must be located in a township or a city with a population of 2,500 or less located outside the metropolitan area, as defined under section 473.121, subdivision 2, that contains a portion of a state trail administered by the Department of Natural Resources. For purposes of item (i)(A), a paid booking of five or more nights shall be counted as two bookings. Class 4c property also includes commercial use real property used exclusively for recreational purposes in conjunction with other class 4c property classified under this clause and devoted to temporary and seasonal residential occupancy for recreational purposes, up to a total of two acres, provided the property is not devoted to commercial recreational use for more than 250 days in the year preceding the year of assessment and is located within two miles of the class 4c property with which it is used. In order for a property to qualify for classification under this clause, the owner must submit a declaration to the assessor designating the cabins or units occupied for 250 days or less in the year preceding the year of assessment by January 15 of the assessment year. Those cabins or units and a proportionate share of the land on which they are located must be designated class 4c under this clause as otherwise provided. The remainder of the cabins or units and a proportionate share of the land on which they are located will be designated as class 3a. The owner of property desiring designation as class 4c property under this clause must provide guest registers or other records demonstrating that the units for which class 4c designation is sought were not occupied for more than 250 days in the year preceding the assessment if so requested. The portion of a property operated as a (1) restaurant, (2) bar, (3) gift shop, (4) conference center or meeting room, and (5) other nonresidential facility operated on a commercial basis not directly related to temporary and seasonal residential occupancy for recreation purposes does not qualify for class 4c. For the purposes of this paragraph, "recreational activities" means renting ice fishing houses, boats and motors, snowmobiles, downhill or cross-country ski equipment; providing marina services, launch services, or guide services; or selling bait and fishing tackle;

(2) qualified property used as a golf course if:

(i) it is open to the public on a daily fee basis. It may charge membership fees or dues, but a membership fee may not be required in order to use the property for golfing, and its green fees for golfing must be comparable to green fees typically charged by municipal courses; and

(ii) it meets the requirements of section 273.112, subdivision 3, paragraph (d).

A structure used as a clubhouse, restaurant, or place of refreshment in conjunction with the golf course is classified as class 3a property;

(3) real property up to a maximum of three acres of land owned and used by a nonprofit community service oriented organization and not used for residential purposes on either a temporary or permanent basis, provided that:

(i) the property is not used for a revenue-producing activity for more than six days in the calendar year preceding the year of assessment; or

(ii) the organization makes annual charitable contributions and donations at least equal to the property's previous year's property taxes and the property is allowed to be used for public and community meetings or events for no charge, as appropriate to the size of the facility.

For purposes of this clause:

(A) "charitable contributions and donations" has the same meaning as lawful gambling purposes under section 349.12, subdivision 25, excluding those purposes relating to the payment of taxes, assessments, fees, auditing costs, and utility payments;

(B) "property taxes" excludes the state general tax;

(C) a "nonprofit community service oriented organization" means any corporation, society, association, foundation, or institution organized and operated exclusively for charitable, religious, fraternal, civic, or educational purposes, and which is exempt from federal

income taxation pursuant to section 501(c)(3), (8), (10), or (19) of the Internal Revenue Code; and

(D) "revenue-producing activities" shall include but not be limited to property or that portion of the property that is used as an on-sale intoxicating liquor or 3.2 percent malt liquor establishment licensed under chapter 340A, a restaurant open to the public, bowling alley, a retail store, gambling conducted by organizations licensed under chapter 349, an insurance business, or office or other space leased or rented to a lessee who conducts a for-profit enterprise on the premises.

Any portion of the property not qualifying under either item (i) or (ii) is class 3a. The use of the property for social events open exclusively to members and their guests for periods of less than 24 hours, when an admission is not charged nor any revenues are received by the organization shall not be considered a revenue-producing activity.

The organization shall maintain records of its charitable contributions and donations and of public meetings and events held on the property and make them available upon request any time to the assessor to ensure eligibility. An organization meeting the requirement under item (ii) must file an application by May 1 with the assessor for eligibility for the current year's assessment. The commissioner shall prescribe a uniform application form and instructions;

(4) postsecondary student housing of not more than one acre of land that is owned by a nonprofit corporation organized under chapter 317A and is used exclusively by a student cooperative, sorority, or fraternity for on-campus housing or housing located within two miles of the border of a college campus;

(5)(i) manufactured home parks as defined in section 327.14, subdivision 3, excluding manufactured home parks described in items (ii) and (iii), (ii) manufactured home parks as defined in section 327.14, subdivision 3, that are described in section 273.124, subdivision 3a, and (iii) class I manufactured home parks as defined in section 327C.01, subdivision 13;

(6) real property that is actively and exclusively devoted to indoor fitness, health, social, recreational, and related uses, is owned and operated by a not-for-profit corporation, and is located within the metropolitan area as defined in section 473.121, subdivision 2;

(7) a leased or privately owned noncommercial aircraft storage hangar not exempt under section 272.01, subdivision 2, and the land on which it is located, provided that:

(i) the land is on an airport owned or operated by a city, town, county, Metropolitan Airports Commission, or group thereof; and

(ii) the land lease, or any ordinance or signed agreement restricting the use of the leased premise, prohibits commercial activity performed at the hangar.

If a hangar classified under this clause is sold after June 30, 2000, a bill of sale must be filed by the new owner with the assessor of the county where the property is located within 60 days of the sale;

(8) a privately owned noncommercial aircraft storage hangar not exempt under section 272.01, subdivision 2, and the land on which it is located, provided that:

(i) the land abuts a public airport; and

(ii) the owner of the aircraft storage hangar provides the assessor with a signed agreement restricting the use of the premises, prohibiting commercial use or activity performed at the hangar; and

(9) residential real estate, a portion of which is used by the owner for homestead purposes, and that is also a place of lodging, if all of the following criteria are met:

(i) rooms are provided for rent to transient guests that generally stay for periods of 14 or fewer days;

(ii) meals are provided to persons who rent rooms, the cost of which is incorporated in the basic room rate;

(iii) meals are not provided to the general public except for special events on fewer than seven days in the calendar year preceding the year of the assessment; and

(iv) the owner is the operator of the property.

The market value subject to the 4c classification under this clause is limited to five rental units. Any rental units on the property in excess of five, must be valued and assessed as class 3a. The portion of the property used for purposes of a homestead by the owner must be classified as class 1a property under subdivision 22;

(10) real property up to a maximum of three acres and operated as a restaurant as defined under section 157.15, subdivision 12, provided it: (i) is located on a lake as defined under section 103G.005, subdivision 15, paragraph (a), clause (3); and (ii) is either devoted to commercial purposes for not more than 250 consecutive days, or receives at least 60 percent of its annual gross receipts from business conducted during four consecutive months. Gross receipts from the sale of alcoholic beverages must be included in determining the property's qualification under item (ii). The property's primary business must be as a restaurant and not as a bar. Gross receipts from gift shop sales located on the premises must be excluded. Owners of real property desiring 4c classification under this clause must submit an annual declaration to the assessor by February 1 of the current assessment year, based on the property's relevant information for the preceding assessment year;

(11) lakeshore and riparian property and adjacent land, not to exceed six acres, used as a marina, as defined in section 86A.20, subdivision 5, which is made accessible to the public and devoted to recreational use for marina services. The marina owner must annually provide evidence to the assessor that it provides services, including lake or river access to the public by means of an access

ramp or other facility that is either located on the property of the marina or at a publicly owned site that abuts the property of the marina. No more than 800 feet of lakeshore may be included in this classification. Buildings used in conjunction with a marina for marina services, including but not limited to buildings used to provide food and beverage services, fuel, boat repairs, or the sale of bait or fishing tackle, are classified as class 3a property; and

(12) real and personal property devoted to noncommercial temporary and seasonal residential occupancy for recreation purposes.

Class 4c property has a classification rate of 1.5 percent of market value, except that (i) each parcel of noncommercial seasonal residential recreational property under clause (12) has the same classification rates as class 4bb property, (ii) manufactured home parks assessed under clause (5), item (i), have the same classification rate as class 4b property, the market value of manufactured home parks assessed under clause (5), item (ii), have a classification rate of 0.75 percent if more than 50 percent of the lots in the park are occupied by shareholders in the cooperative corporation or association and a classification rate of one percent if 50 percent or less of the lots are so occupied, and class I manufactured home parks as defined in section 327C.01, subdivision 13, have a classification rate of 1.0 percent, (iii) commercial-use seasonal residential recreational property and marina recreational land as described in clause (11), has a classification rate of one percent for the first \$500,000 of market value, and 1.25 percent for the remaining market value, (iv) the market value of property described in clause (4) has a classification rate of one percent, (v) the market value of property described in clauses (2), (6), and (10) has a classification rate of 1.25 percent, (vi) that portion of the market value of property in clause (9) qualifying for class 4c property has a classification rate of 1.25 percent, and (vii) property qualifying for classification under clause (3) that is owned or operated by a congressionally chartered veterans organization has a classification rate of one percent. The commissioner of veterans affairs must provide a list of congressionally chartered veterans organizations to the commissioner of revenue by June 30, 2017, and by January 1, 2018, and each year thereafter.

(e) Class 4d property is qualifying low-income rental housing certified to the assessor by the Housing Finance Agency under section 273.128, subdivision 3. If only a portion of the units in the building qualify as low-income rental housing units as certified under section 273.128, subdivision 3, only the proportion of qualifying units to the total number of units in the building qualify for class 4d. The remaining portion of the building shall be classified by the assessor based upon its use. Class 4d also includes the same proportion of land as the qualifying low-income rental housing units are to the total units in the building. For all properties qualifying as class 4d, the market value determined by the assessor must be based on the normal approach to value using normal unrestricted rents.

(f) The first tier of market value of class 4d property has a classification rate of 0.75 percent. The remaining value of class 4d property has a classification rate of 0.25 percent. For the purposes of this paragraph, the "first tier of market value of class 4d property" means the market value of each housing unit up to the first tier limit. For the purposes of this paragraph, all class 4d property value must be assigned to individual housing units. The first tier limit is \$100,000 for assessment year 2014. For subsequent years, the limit is adjusted each year by the average statewide change in estimated market value of property classified as class 4a and 4d under this section for the previous assessment year, excluding valuation change due to new construction, rounded to the nearest \$1,000, provided, however, that the limit may never be less than \$100,000. Beginning with assessment year 2015, the commissioner of revenue must certify the limit for each assessment year by November 1 of the previous year.

EFFECTIVE DATE. This section is effective beginning with assessments in 2021 and thereafter.

Sec. 3. Minnesota Statutes 2019 Supplement, section 273.13, subdivision 34, is amended to read:

Subd. 34. **Homestead of veteran with a disability or family caregiver.** (a) All or a portion of the market value of property owned by a veteran and serving as the veteran's homestead under this section is excluded in determining the property's taxable market value if the veteran has a service-connected disability of 70 percent or more as certified by the United States Department of Veterans Affairs. To qualify for exclusion under this subdivision, the veteran must have been honorably discharged from the United States armed forces, as indicated by United States Government Form DD214 or other official military discharge papers.

(c) If a veteran with a disability qualifying for a valuation exclusion under paragraph (b), clause (2), predeceases the veteran's spouse, and if upon the death of the veteran the spouse holds the legal or beneficial title to the homestead and permanently resides there, the exclusion shall carry over to the benefit of the veteran's spouse until such time as the spouse remarries, or sells, transfers, or otherwise disposes of the property, except as otherwise provided in paragraph (n). Qualification under this paragraph requires an application under paragraph (h), and a spouse must notify the assessor if there is a change in the spouse's marital status, ownership of the property, or use of the property as a permanent residence.

(d) If the spouse of a member of any branch or unit of the United States armed forces who dies due to a service-connected cause while serving honorably in active service, as indicated on United States Government Form DD1300 or DD2064, holds the legal or beneficial title to a homestead and permanently resides there, the spouse is entitled to the benefit described in paragraph (b), clause (2), until such time as the spouse remarries or sells, transfers, or otherwise disposes of the property, except as otherwise provided in paragraph (n).

(e) If a veteran meets the disability criteria of paragraph (a) but does not own property classified as homestead in the state of Minnesota, then the homestead of the veteran's primary family caregiver, if any, is eligible for the exclusion that the veteran would otherwise qualify for under paragraph (b).

(f) In the case of an agricultural homestead, only the portion of the property consisting of the house and garage and immediately surrounding one acre of land qualifies for the valuation exclusion under this subdivision.

(g) A property qualifying for a valuation exclusion under this subdivision is not eligible for the market value exclusion under subdivision 35, or classification under subdivision 22, paragraph (b).

(h) To qualify for a valuation exclusion under this subdivision a property owner must apply to the assessor by December 15 of the first assessment year for which the exclusion is sought. For an application received after December 15, the exclusion shall become effective for the following assessment year. Except as provided in paragraph (c), the owner of a property that has been accepted for a valuation exclusion must notify the assessor if there is a change in ownership of the property or in the use of the property as a homestead.

(i) A first-time application by a qualifying spouse for the market value exclusion under paragraph (d) must be made any time within two years of the death of the service member.

(j) For purposes of this subdivision:

(2) "own" means that the person's name is present as an owner on the property deed;

(3) "primary family caregiver" means a person who is approved by the secretary of the United States Department of Veterans Affairs for assistance as the primary provider of personal care services for an eligible veteran under the Program of Comprehensive Assistance for Family Caregivers, codified as United States Code, title 38, section 1720G; and

(4) "veteran" has the meaning given the term in section 197.447.

(k) If a veteran dying after December 31, 2011, did not apply for or receive the exclusion under paragraph (b), clause (2), before dying, the veteran's spouse is entitled to the benefit under paragraph (b), clause (2), until the spouse remarries or sells, transfers, or otherwise disposes of the property, except as otherwise provided in paragraph (n), if:

(1) the spouse files a first-time application within two years of the death of the service member or by June 1, 2019, whichever is later;

(2) upon the death of the veteran, the spouse holds the legal or beneficial title to the homestead and permanently resides there;

(3) the veteran met the honorable discharge requirements of paragraph (a); and

(4) the United States Department of Veterans Affairs certifies that:

(i) the veteran met the total (100 percent) and permanent disability requirement under paragraph (b), clause (2); or

(ii) the spouse has been awarded dependency and indemnity compensation.

(l) The purpose of this provision of law providing a level of homestead property tax relief for veterans with a disability, their primary family caregivers, and their surviving spouses is to help ease the burdens of war for those among our state's citizens who bear those burdens most heavily.

(m) By July 1, the county veterans service officer must certify the disability rating and permanent address of each veteran receiving the benefit under paragraph (b) to the assessor.

(n) A spouse who received the benefit in paragraph (c), (d), or (k) but no longer holds the legal or beneficial title to the property may continue to receive the exclusion for a property other than the property for which the exclusion was initially granted until the spouse remarries or sells, transfers, or otherwise disposes of the property, provided that:

(1) the spouse applies under paragraph (h) for the continuation of the exclusion allowed under this paragraph;

(2) the spouse holds the legal or beneficial title to the property for which the continuation of the exclusion is sought under this paragraph, and permanently resides there;

(3) the estimated market value of the property for which the exclusion is sought under this paragraph is less than or equal to the estimated market value of the property that first received the exclusion, based on the value of each property on the date of the sale of the property that first received the exclusion; and

(4) the spouse has not previously received the benefit under this paragraph for a property other than the property for which the exclusion is sought.

EFFECTIVE DATE. This section is effective beginning with taxes payable in 2021.
